

8 a.m. to 5 p.m.

Wednesday, June 4

**UK King's Daughters
Health Education Center**

Thank you for your interest in UK King's Daughters Nursing Boot Camp!

We've designed this program to give students an opportunity to experience the nursing profession firsthand! Participants will be able to explore various careers and specialties in nursing; learn about the educational paths to nursing; and gain awareness of the academic, personal, and technical skills required to be a nurse.

Participants will not provide patient care.

Nursing Boot Camp is open to current high school juniors and seniors, age 16 and older. Parent/guardian must provide written consent for participants under the age of 18. Space is limited so apply early!

At program outset, participants will be required to review/complete:

- HIPAA Privacy Training
- Dress Code/Personal Appearance Policy & Procedure
- Statement of Understanding and Compliance
- Media Release

To be considered for the program, please complete the application and submit it no later than 8 a.m. Monday, May 19. We prefer applications be submitted by email. After the application due date, check your email for a potential acceptance letter and information regarding dress code, location address and schedule.

CONFIDENTIALITY AGREEMENT

Federal and state laws and regulations mandate patient confidentiality. All employees, students, vendors, volunteers, and/or others accessing protected health information at King's Daughters Medical Center ("KDMC") are held accountable for maintaining confidentiality on the subject of patient information, including but not limited to patient identity, patient health information, patient testing or imaging results, and financial accounts. Each employee, student, vendor, volunteer, and/or other individual with access to patient information, including those who may incidentally overhear or observe protected health information at KDMC, shall be expected to maintain strict confidentiality concerning patients even after his/her relationship with KDMC ends.

The Health Insurance and Portability Act of 1996 (HIPAA) and the HITECH Act of 2009 address and define the legal security and confidentiality standards for the protection of patient information. Breach of confidentiality is defined as unauthorized use, discussion or release of confidential information regarding patients, their identity, their patient health information and/or their hospital records (including hard copy and/or electronic). This includes unauthorized retrieval of records on the computer, checking labs or other data without a need to do so, taking photos in areas where patient health information (including patient identity) may be observed, and conversations or discussions that may be overheard by unauthorized persons.

Breach of confidentiality is considered a major offense at KDMC. This violation of personal conduct justifies immediate termination of employee/student/vendor/volunteer/other status without regard to the employee's/student's/vendor's/volunteer's/other's length of service or prior record or conduct.

I, _____, agree that I will not breach patient confidentiality with regard to anything I hear or observe during my visit(s) to KDMC. I understand that I may not utilize KDMC's electronic records to access anyone's records, including my own. I further understand that cell phone use is strictly prohibited during my visit(s) to KDMC to ensure that patient confidentiality is maintained and agree that I will not utilize a cell phone during my visit(s).

By signing below, I certify that I understand the importance of maintaining patient confidentiality and that I agree to abide by the privacy policies and procedures adopted by KDMC. I further certify that I have received training on HIPAA's privacy rules. I understand I may be subject to immediate termination for breach of patient confidentiality if I am an employee of KDMC, or to have my status as a student, vendor, volunteer, or other terminated immediately if I breach confidentiality of KDMC patient information. I further understand that I may be subject to legal action for breach of confidentiality.
